Subject: 1503 Survey & New Applications

Hello,

Anyone who applies for a DOH credential on or after January 1, 2025, is required to complete the 1503 demographic survey. The survey will be part of the HELMS R2 release scheduled for next month, the survey is also online for those who apply before then and for anyone applying on paper after R2.

Credentialing staff are asked to:

- For anyone who applies for a credential on or after January 1, 2025, please add the below to the deficiency email:
    - Please complete the healthcare professionals' demographic survey at your earliest convenience. Starting January 1, 2025, everyone applying for a credential is required by RCW 18.130.042 to complete the survey.
- Any requests from an applicant for a paper survey should be forwarded to me.

I believe the above proposal has the least impact on credentialing staff. Please let me know if you have suggestions on more efficient ways to achieve this.

Sincerely,

Stacey Saunders (she/her/hers)

Hi Kim-Boi,
I've attached an excel document with the total Licensee counts by year per profession from 2019-2024. I've included where this data came from, but if you need additional years or have any other questions about this data, don't hesitate to reach out.
Hopefully, this is some help for your presentation.
Best,
Jessica

Subject: Credentialing Data Request

Hi Kim-Boi,

I received your data request: Credential Types by county, Active only for SLP,SLPA,SLPI, AUD, HIFD and I wanted to schedule a really brief call to ask some questions about your request. I can send out a meeting to you this week.

I wanted to ask a little about your quarterly frequency and data timeframe interest and be sure that I can provide what you are looking for.

Thanks! If the time ends up not working for you, my calendar is up-to-date. Feel free to adjust the time as you need.

Best,
Jessica

Memorandum

To: All Staff in the Office of Health Professions (OHP)
Subject: Acceptance of Typed Applications Effective January 31, 2025
From: Harold H Wright, Jr., Director, Office of Health Professions

---

Introduction

In our ongoing efforts to modernize and streamline our credentialing processes, I am excited to share an important update that will enhance both the efficiency and accessibility of our operations.

Starting January 31, 2025, we will implement a significant change to allow typed applications. This initiative represents a meaningful step forward in reducing barriers for applicants while maintaining our commitment to regulatory compliance and operational excellence.

By leveraging technology and aligning with contemporary practices, we are setting the stage for a more inclusive and efficient credentialing system. Thank you for your support as we embark on this transformative journey.

Information Sharing

When:

Effective January 31, 2025, OHP credentialing review teams will begin accepting typed applications.

Who:

This change impacts all applicants submitting credentialing applications to the Office of Health Professions, as well as OHP staff involved in application review and processing.

What:

Applicants will now have the option to submit typed applications. Handwritten applications in blue or black ink will continue to be accepted for those who prefer or require this method.

How:

Typed applications can be submitted through the existing submission channels. While we will continue to accept paper applications, we strongly encourage applicants to use the online portal (HELMS) for submitting their credentialing applications. As HELMS provides a user-friendly experience and reduces the number of paper applications.

Why:
The goal is to enhance efficiency, improve accessibility, and align with modern administrative practices. This update addresses common challenges such as delays caused by illegible handwriting and provides applicants with greater flexibility, ultimately improving the overall credentialing process.

Policy Details

1. Implementation Date: January 31, 2025
2. Accepted Formats:
    - Typed applications
    - Handwritten applications (in blue or black ink)
    - Must include a wet signature
3. Regulatory Compliance:
    - We have confirmed with our AAG that we have legal authority to accept typed applications. This is in compliance with Governor Ferguson's Executive Order 25-03, which calls for agencies to streamline their licensing processes.
    - If an application's format or pieces of the document look off, staff will review the complete application to ensure accuracy.

Frequently Asked Questions (FAQs)

Q: Are handwritten applications still acceptable?
A: Yes, handwritten applications in blue or black ink will continue to be accepted. They must include a wet signature.

Q: What legal guidelines support this change?
A: This update complies with RCW 1.80, which supports the use of electronic records in administrative processes. No laws or regulations restrict the acceptance of typed applications.

Q: How can applicants submit typed applications?
A: Applicants can submit typed applications through the same channels as handwritten applications. We encourage applicants to use the online portal for a faster and more streamlined experience.

Q: Will this change affect processing times?
A: Yes, we anticipate that processing times will improve due to the legibility and standardization of typed applications.

Q: What happens if a typed application is submitted incorrectly?
A: Applicants will be contacted with instructions for correction to minimize delays.

Thank you for supporting this significant update to our credentialing process. By embracing these changes, we enhance accessibility, efficiency, and sustainability in our credentialing process. For further questions or concerns, please contact your supervisor or me directly.

Sincerely,

Harold H. Wright Jr.

Subject: 02-06-25 Cancel board meeting only Rules Hearing on Feb.7th

Hi Board members and staff. We discovered an error in our meeting publication today which causes a significant change for tomorrow.

Our MS Teams link on the agenda is an invalid link, it does not work. The published information on the webpage also failed to have a link. Due to the Open Public Meetings Act, any changes to location, access, or agenda items MUST be published at least 24 hours in advance of the meeting. We missed that deadline at 9 am this morning. I'm so sorry for the oversight and error made.

The board did publish separately a CR102 for a rules hearing to be held Feb 7th. The location and link to that filing still holds appropriately. Since filing a CR102 is significant process, we would like to still hold the public rules hearing. What that looks like, we hold the hearing, you received public comment. Done. Decision making on what you heard, and comments received have to be done in an open public meeting (to be scheduled).

We could wait for next scheduled meeting, May 2nd or Kim-Boi can work with the Board to schedule a special meeting between now and then to work through the agenda that was scheduled for tomorrow.

Again, we will be only holding Rules Hearing is at 9:10 am February 7th.

A virtual public hearing using MS Teams: Join here for the Public Rules Hearing

There was an error with the shorter emailed link, and I apologize for any inconvenience.

The Board of Hearing and Speech (board) filed on December 18, 2024, a filed CR-102, proposed amendments to implementing legislation, reducing licensure barriers for Hearing and Speech professions.

Please note the typo in the second paragraph of the Title of the Rule box: the reference to 246-929-510 is supposed to be 246-828-510. The board is proposing amendments for WAC 246-828-020 and 246-828-510 (amended) with a new section, WAC 246-828-035, Licensure by endorsement to implement Section 8 of Second Substitute House Bill (2SHB) 1724 (chapter 425, Laws of 2023), codified as RCW 18.130.077, to reduce barriers to entering and remaining in the hearing and speech workforce and to shorten the credentialing process. Additionally, the board is proposing amendments to WAC 246-828-617 to clarify the requirements for speech-language pathology assistant certification.

To: Courtni Doherty; Kristin Sturdivan
Cc: Santiago, Jennifer D (DOH); Green, Melissa G (DOH)
Subject: 02-21-25 Urgent: Immediate Action Required on Provider License Activation (LL61663198)

Dear Courtni,

Thank you for your response.

The Speech Language Pathologist license was issued on February 20, 2025. Please note that documents received prior to the submission of applications are not reviewed until the application is received. I have confirmed we received the envelope that contained the Professional Reference Request and Speech Language Supervisor Form on January 22, 2025. Ms. Sturdivan's application that was submitted through the online portal on February 10, 2025. We began the review process of her application on February 19, 2025, which determined that her application was missing her Jurisprudence Exam and PRAXIS scores. An email was sent to Ms. Sturdivan on February 19, 2025, and she responded the same day with her Jurisprudence Exam and PRAXIS scores. This allowed us to complete the review process and issue her license. .

Please ensure applicants are submitting department of health applications prior to their interim permits expiring. This allows processing time to avoid expiring permits. Please let us know how we can assist in the future.

Subject: Re: Urgent: Immediate Action Required on Provider License Activation (LL61663198)

External Email

Dear Brandis,

Thank you for your email and for providing the update on Kristin Sturdivan's application.

I wanted to clarify that I personally put Kristin's envelope in the mail at our clinic in December after she finished her supervised hours, so I'm uncertain as to why the Department of Health did not receive the paperwork. I am unaware of any issues with the mailing process on our end.

Additionally, Kristin informed me that she had received an email regarding her PRAXIS test today, which, although she had previously submitted, she resent immediately. Given the urgency of this matter, any further delay would be problematic, and we are eager to get this resolved as quickly as possible. In the meantime, I will advise Kristin to submit the necessary request for extension.

Please let me know if there's anything we can do to expedite the process and ensure that all necessary documentation is accounted for.

We greatly appreciate your assistance and look forward to your guidance on how we can move forward.

Best regards,

Courtni Doherty, MS, CCC-SLP

Subject: RE: Urgent: Immediate Action Required on Provider License Activation (LL61663198)

Dear Courtni,

Thank you for following up on the application status for Kristin Sturdivan.

Our records show that her SLPI.SI.61290968 expired on 1/31/2025. Ms. Sturdivan did not apply for her SLP.LL.61663198 until 2/9/2025.

The specialist that handles this profession has reviewed her application today and sent an email request letting her know of the deficient documentation that is still needed to complete the review process.

In order for her to extend her SLPI, she will need to submit her request in writing. Once received, it will be reviewed by the Program Manager.

Please let me know if you have any questions.

Thank you.

Subject: Urgent: Immediate Action Required on Provider License Activation (LL61663198)

External Email

I am writing to express my deep concern regarding the delay in processing Kristin Sturdivan's transition from her interim permit (SI61290968) to her full license (LL61663198). This delay has resulted in her interim permit expiring before the new license was approved, leaving us with no option but to cancel multiple patient appointments.

Ms. Sturdivan provides a specialized service that is not common in our clinic, and as a result, the children who rely on her expertise are now unable to receive critical therapy. The disruption

caused by this lapse in licensing is unacceptable and is directly impacting the care of vulnerable children.

I am requesting urgent action to either:

1. **Temporarily reactivate her interim permit** to allow her to continue seeing patients, or
2. **Expedite the processing of her full license** to prevent further disruption to patient care.

Please provide an immediate update on the status of her license and any steps being taken to resolve this matter as quickly as possible. The impact of this delay is significant, and we need a resolution without further delay.

Thank you for your prompt attention to this urgent issue.

Best regards,

Courtni Doherty, MS, CCC-SLP

Special Meeting on March 14th to vote on rules hearing

The Board of Hearing and Speech (board) normal business meeting on February 7, 2025 was cancelled due to technical difficulties, the board is holding a Special Meeting on March 14, 2025 at 9 AM PST. This special meeting is to hold the board's discussion and voting of the rules hearing topic that held on February 7, 2025. The public had opportunity to testify and submit written comments on or prior to Feb. 7th.

The board will not be taking any comments regarding the rules hearing on the filed CR-102 WSR# 25-02-001 on December 18, 2024. We encourage you to attend via webinar as it should be a very short meeting.

Subject: 03-19-25 Js Special Meeting Minutes from 3/14/2025
Attachments: BHS SPECIAL MEETING Minutes-20250314- DRAFT-kbs.docx

I made some edits to the minutes.

I also have a hard time with the visual of the minutes, everything is lined to the left. Content should be tabbed into to match up with the headers. Let me know if you want me to better explain.

Open Session

1. Call to Order

Chairperson Bradford called the public meeting to order at 9:04 a.m.

1.1 Introduction of board, staff, and guests

Chairperson Bradford welcomed board members, staff, and guests, expressing gratitude for their participation and preparation.

1.2 Approval of agenda

Motion: Approval of March 14, 2025 agenda.
Motion/Second: Dr. Pomeroy/ Ms. Adkins. The motion was approved unanimously by the board.

2. Rules Hearing from February 7th Voting

Ms. Shadduck provided the board a breif review of the rules hearing from February 7, 2025. The rules hearing was regarding the implementation of second substitute house bill 1724, ~~which is~~ implementing legislation on reducing licensure barriers for hearing and speech professions and clarifying requirements for speech-language pathology assistants. There were two comments recieved on the amedments, one comment was regarding which statute~~bill~~ is taking priority. Both ~~bills are implemented~~statutes and are being utilized. Implementation of the statute second substitue house bill 1724. The second ~~comment recieved was direted towards~~ statute RCW 18.35.040 also remains in effect.~~,~~ T~~t~~he comment asked~~was that if somebody who was a~~if a hearing aid specialist who was allowed to recieve national board certification in hearing instrument scientists and they have been practicing for at least two years in a substantially equivalant state to Washington, they could apply for washington without having to show proof of education and other requirments. But if the hearing aid specialist was not board certified then they could still apply through RCW 18.35.040. Lastly, a comment was recieved regarding if the jurisprud~~a~~ence examination was still being ~~impplemented~~required.~~, which it is.~~ The proposed rules do remove the jurisprudence examination from the intial licensure requirements and moves it to a continuing education requirement. Practitioners will be required to take and pass the jurisprudence examination once every three years.

Motion: Approval of ~~R~~rule amendments of second substitute house bill 1724.
Motion/Second: Vice Chairperson Richardson/ Ms. Adkins.
Vote: 5 Members were in favor of approving the amendments, 1 member was ~~not in favor of~~opposed to the amendments. The motion was passed and approved by the board.

Adjournment of Open Session

~~Chairperson Bradford adjourned the meeting at 9:22 a.m.~~

Motion: Chairperson Bradford motioned for approval of adjournment.
Motion/Second: Ms. Adkins/Dr. Pomeroy; The motion was approved unanimously by the board.

Chairperson Bradford adjourned the meeting at 9:22 a.m.

Rules Alert Filed CR-103 adoption of amendments to implement legislation

The Board of Hearing and Speech (board) filed on April 11, 2025, a CR-103 rules package WSR# 25-09-055 adopting amendments to implement legislation, reducing licensure barriers for Hearing and Speech professions. To account for changes to the credentialing system the board is delaying the effective date to December 31, 2025.

The board amended rules WAC 246-828-020 and 246-828-510 (amended) with a new section, WAC 246-828-035, Licensure by endorsement to implement Section 8 of Second Substitute House Bill (2SHB) 1724 (chapter 425, Laws of 2023), codified as RCW 18.130.077, to reduce barriers to entering and remaining in the hearing and speech workforce and to shorten the credentialing process. Additionally, the board amended rule WAC 246-828-617 to clarify the requirements for speech-language pathology assistant certification.
